Tom Axmaker - Principal Cheri Axmaker - Vice Principal

Dear Prospective Parent/Guardian-

Thank you for your interest in Country Christian School. Country Christian school is a faith based institution that has been established since 1978, and serves Preschool through 12<sup>th</sup> Grade. Through the years God has established Country Christian as a school offering quality academics, a strong moral and spiritual environment with competitive athletics that has enjoyed many state level competitions.

Country Christian school is fully accredited by NAC. NAC is one of the largest accreditation agencies in the nation and is one of the few federally recognized. This means that a diploma from Country Christian School carries with it the full accommodations that an accreditation agency has to offer.

Country Christian school hosts a National Honor Society chapter, as well as a very active Key Club. These two organizations give the opportunity for our students to experience great community exposure and success with scholarship opportunities and college placement.

Thank you once again for your interest in Country Christian School. If you have further questions, would like a tour of the school or a registration packet please feel free to call and we would be more than happy to accommodate you. Come and see what makes Country Christian set apart.

Thank you

Tom Axmaker  
Principal Administrator  
Country Christian School
